

## Trees for the Living

Trees bring natural elements and wildlife habitats into urban surroundings; all of which increase the quality of life for residents of the community.

## Trees for the Living

There are times when we would like a special way to express our feelings. Adding to the beauty and comfort of our parks can be that "special way."

Planting trees to enhance parks is a thoughtful and distinctive way to present a living memorial to a deceased relative or friend, to honor a person whom you love or respect, or to say, "Thanks," to a person or group.

That living, growing tree will be a constant reminder of the reason you gave it. This unique gift has a very personal and individual meaning to you, and at the same time, it will be appreciated and enjoyed by all who see and use that setting.

### ► Give the gift of a tree for:

- A Memorial
- Mother's Day
- Father's Day
- Anniversary
- Grandchildren
- Special Friend
- Co--Worker
- Beautification Project
- Arbor Day
- Earth Day
- Club or Scout Project

Whether you've experienced the loss of a loved one or are celebrating a joyous occasion, you will want to say, "I care," in a very special way.

Along with donating a tree, individuals/groups have the option of installing a plaque at the site where the tree is planted. Plaques shall be a maximum size of 6"x9" and installed so the face of the plaque is flush with the ground.

Your donated tree will be planted and maintained by the Street and Parks Department in accordance with the established policy for memorial trees and monuments.
