Zentangle® For Kids

Zentangle is an easy to learn method of creating beautiful images from structured patterns. Created by Rick Roberts and Maria Thomas, Zentangle is fun and relaxing, increases focus and creativity, and can be enjoyed by people of all skills and ages. In Zentangle for Kids, pattern making is easy using the step-by-step approach that is part of the Zentangle method. During this four part series, patterns (tangles) will be taught and applied to Zentangle-inspired projects and pieces of art that will reflect each students' unique style and sense of fun.
